

## Unlock Excellence with Intellect's Proficiency Testing

Intellect's Proficiency Testing Application streamlines the process by simplifying the documentation and review of test results, allowing you to easily trigger corrective actions when quality requirements aren't met, and charting the quality of your analyses. This application is crucial for organizations striving to meet ISO 17025, ISO 15189, and US 42 CFR 493 standards. With our Proficiency Testing App, you can automate and simplify your analytical testing process, ensuring that reviews of test results are conducted as required. Just like the results sent back to the proficiency sample provider for comparison to the "true" value of the sample, our app helps you maintain precision, productivity, and provides insightful reports right at your fingertips.

### Key Attributes and Features:

- Document and review proficiency test results efficiently
- Easily initiate nonconformance or corrective actions for results that don't meet quality standards
- Visualize proficiency results with comprehensive charts
- Streamlined workflow automates the review process and ensures compliance with controls
